

## WE RESPOND

We can respond by

- thinking about ways our faith affects the things we say and do
- sharing our thoughts and feelings
- praying to God.

Then in our homes, neighborhood, school, parish, and world, we can say and do the things that show love for God and others.

 In this space, draw yourself as a *We Believe* second grader.

When we see **We Respond** we think about and act on what we have learned about God and our Catholic faith.

We are so happy you are with us!
